

A Big Success

Our opening last Saturday was a GRAND SUCCESS in every way, and we wish to thank our many friends and customers, and the public in general, for their attendance, and the interest manifested in our behalf.

Of course we can't have openings every day like the one we had Saturday, but we will be glad to have you come to our stores any time, and make our place your headquarters, and you will be "As welcome as the flowers in May."

Come and see what we have for sale. Perhaps you will need something in our line.

Do not think that our goods are too fine, or too high priced for you because we had some of our best and highest priced goods on display Saturday. We have them in all grades, styles and prices. We believe that we can please you, and taking the styles and quality of the goods into consideration, we know that our prices are right, and in order that you may see and judge for yourself, we quote prices on a few of the leading things we have to sell.
